EVENT PROFILE

CEMS-Global USA in association with CEMS Bangladesh will be organising the “29th Build Bangladesh 2024 International Expo (Previously ConExpo Bangladesh)”, scheduled to be held from 14 – 16 November, 2024.

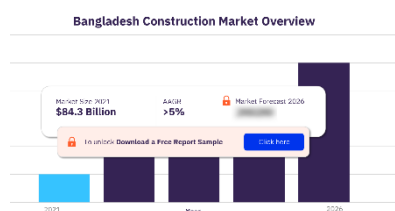

The Construction industry is one of the fastest-growing industries in Bangladesh, with a high demand for infrastructure development due to the country's rapid population growth and urbanization. The sector has been a key driver of economic growth and development, contributing to the country's GDP.

The 29th Build Bangladesh 2024 International Expo will have a significant impact on the construction and building materials industry in Bangladesh. The exhibition provides a platform for companies to showcase their products and services, exchange ideas, and collaborate with other industry players. Along with that the expo also helps to promote sustainable building practices and supports the country's economic development goals.

FACTS & FIGURES

The gross domestic product (GDP) of Bangladesh grew to 460.75 billion international dollars in 2022. This is an increase of about 287 billion U.S. dollars since 2014, and this growth is projected to continue at least until 2027.

The construction industry, in the recent years has undergone significant transformation, with the government taking a proactive role in infrastructure development and has implemented various projects, such as the Padma Bridge, Dhaka Elevated Expressway, and Rooppur Nuclear Power Plant, to name a few, to improve the country's infrastructure.

The size of Bangladesh Construction Market is USD 87.1 billion in the current year and is anticipated to register a CAGR of over 5% during the forecast period. The COVID-19 pandemic hurt various industries – however the construction industry is too big to be affected and continued to grow regardless.

According to research, the Bangladesh CCTV Market size is estimated to secure an exponential growth rate during 2024-2029. The market is growing due to the increasing awareness for security across Bangladesh that increase the demand for high security and surveillance system.
