7 Reasons to Participate in the 9th Dhaka Auto Parts Show 2026

1. Bangladesh's automotive component market has more than doubled over the past decade, driven by a surge in car ownership and the rising demand from new users, with industry experts highlighting this rapid growth as a clear sign of the sector's transformation into one of the most dynamic engines of the nation's automotive economy.
2. Bangladesh's appetite for automobiles is surging like never before, with dealerships importing record volumes of car parts through Mongla Port; in fiscal year 2025–26 alone, vehicle imports hit historic highs—the strongest since the port began handling automotive shipments—underscoring unprecedented growth and opening booming opportunities in the nation's auto component market.
3. The Dhaka Auto Parts Show 2026, the oldest and largest exhibition of its kind in Bangladesh, has powered the nation's auto parts industry for nearly a decade and evolved into a truly world-class event—uniting global manufacturers, suppliers, and industry leaders under one roof to showcase cutting-edge innovations, forge partnerships, and drive the future of automotive excellence.
4. Bangladesh's auto parts market is on the brink of unprecedented growth, as the government's landmark decision to allow manufacturers to produce motorcycles up to 500cc engine capacity paves the way for new product lines, stronger local manufacturing, and surging demand across the industry—setting the stage for a dynamic and diversified future in the nation's automotive sector.
5. Bangladesh's motorcycle parts market is racing ahead, fueled by explosive sales growth as year-on-year motorcycle sales surge nearly 35–40% to around 450,000 units, making two-wheelers one of the fastest-expanding segments in the nation's automotive industry and driving unprecedented demand for components across the board.

6. Over 5,000 Bangladeshi traders who now dominate the UAE's auto parts and service industry are turning their focus back home, with plans to establish at least 50 new auto parts factories in Bangladesh—an ambitious expansion set to launch at the Dhaka Auto Parts Expo 2026, heralding a bold new era of growth, innovation, and global competitiveness for the nation's automotive sector.

7. Step into the 9th Dhaka Auto Parts Show 2026—the ultimate gateway to connect with the world's leading car manufacturers, all under one roof, where groundbreaking innovations, powerful partnerships, and unmatched business opportunities await in Bangladesh's booming automotive arena.

EVENT PROFILE

Being held for nearly a decade now, the “Dhaka Auto Parts Show” stands firmly as one of the flagship events of CEMS-Global in Bangladesh and has become an icon of the country as the Most Premier International Motor Parts Exhibition of Bangladesh. With the country growing a strong Middle-class segment, the rise in sales of Motor vehicles has surged to newer heights in Bangladesh, ignoring the rise in import taxes. Bangladesh is one of a strong South-Asian Nation with its growing economy and the ‘Dhaka Auto Parts Show’ has been a platform in all these years for the launching of the latest Models of auto parts and relevant technologies. The previous editions have seen great successes and an enormous rise in sales with CEMS-Global changing its strategy in highlighting and emphasizing auto parts distributors showcasing the latest components and technologies. ‘CEMS-Global USA’ in association with ‘CEMS Bangladesh’ presents the “9th Dhaka Auto Parts Show 2026”, scheduled to be held from 23 ~ 25 April 2026, which will be a focused showcase of the World auto-component industry along with car parts and accessories. The “9th Dhaka Auto Parts Show 2026” will provide manufacturers and distributors direct access to the South East Asian Market. The global motor vehicle aftermarket is estimated at approximately \$395 billion. The “9th Dhaka Auto Parts Show 2026” will reveal to the country the rapid developments in the Industry and will be a launching pad for many new vehicle accessories as well as new technology components.

WHY BANGLADESH? FACTS & FIGURES

Bangladesh has rapidly emerged as a rising force in the global auto parts industry. Driven by the country's booming automotive market and surging demand for vehicles, the auto parts sector has more than doubled in size over the past decade. Favorable government policies, growing local manufacturing capacity, and strong participation from international players have created the perfect ecosystem for expansion. Industry experts project the market to continue its robust growth, with opportunities diversifying across components for cars, motorcycles, and commercial vehicles. By 2026, local manufacturers are expected to dominate with a significant share, positioning Bangladesh as a competitive hub for auto parts production and exports in South Asia.
