7 Reasons To Participate
in the 51st Dye+Chem Sri Lanka
2026

1. The South Asia's Expanding Chemical Market

Sri Lanka's textile and garment industry continues to grow, driving demand for high-quality dyes, chemicals, and auxiliaries. Participating in the Dye+Chem Expo allows stakeholders to access one of South Asia's fastest-evolving industrial sectors and connect directly with leading manufacturers and processors.

2. Meet Key Decision-Makers & Industry Buyers

This is Sri Lanka's premier platform for dye and chemical sourcing. The event brings together senior procurement teams, R&D specialists, production heads, and purchasing professionals from across the textile, leather, paper, plastic, and printing industries.

3. Showcase Innovations & Build Brand Authority

Position your brand as an innovator in the chemical sector. Whether it's eco-friendly dyes, specialty chemicals, or sustainable processing solutions, the Dye+Chem Expo gives you the opportunity to launch new products and demonstrate technological advantages to a highly focused audience.

4. Significant Investments in Textile Sector

Major investments in Sri Lanka are happening in the textile & garment sector. The dye chemical industry is a key sector that needs continuous upgrading and acquisition of new technology and equipment.

5. Integral Role in Sri Lanka's Export Economy

The garment industry accounts for over 50% of Sri Lanka's total export earnings. The final products of the apparel sector are heavily dependent on the dye chemicals sector, making the dyestuff sector one of the key components of the country's chemical industry.

6. Leverage Sri Lanka's Strategic Trade Location

Sri Lanka serves as a vital gateway between South Asia and the rest of the world, offering unmatched connectivity to regional and international buyers. Participating in the show positions your brand at the heart of a dynamic trade hub—ideal for expanding your regional footprint.

7. Networking Opportunities

Participating in this one-of-a-kind exhibition allows businesses to meet and connect with potential buyers through the expo, facilitating valuable business relationships and collaborations.

EVENT PROFILE

After the great successes of the **Dye+Chem series of exhibitions** in South & South-East Asia, Africa and South America (Bangladesh, Brazil, Morocco, Sri Lanka & Thailand) as the only series of its kind leading in the sub-continent, CEMS-Global announces the '**51th Dye+Chem Sri Lanka 2026 International Expo**', to be held again.

This DyeChem Expo will be the most prestigious and exclusive International Exhibition devoted to focusing on all kinds of Dyes and Fine & Specialty Chemicals for the Sri Lankan Industry and will be a one-stop single platform to showcase from home and abroad the latest developments and emerging technology for the Process Industry. The '**51th Dye+Chem Sri Lanka 2026**' will be the biggest meeting place ever held in Sri Lanka for Buyers and Suppliers of Dyes & Chemicals and will also provide an interactive platform for Exhibitors to generate business through displays / direct interaction and will enhance the synergy effect and attract top-level professionals from the industry thus improving technology, focus and visitors of the expo.

WHY SRI LANKA?

According to latest data, Sri Lanka's apparel export industry is one of the key sectors of the country's economy, having recorded substantial growth over the past four decades. The value of the sector reached \$5.42 billion after exports rose 22.93 percent year-on-year in 2021. Given how the apparel sector depends on the Dye Chemicals – it makes Dye Chemicals industry in Sri Lanka even more important.

Sri Lanka is the World's 3rd Largest Dyes & Chemicals importer and yet there is a high chance that the nation's imports will increase even more! This is because the country's apparel sector is targeting exports worth \$8 billion by 2025 through increased investment in local supply chains. The apparel manufacturing sector of Sri Lanka is currently the country's leading export industry, accounting for approximately 44 percent of total exports, and providing about 33 percent of the manufacturing employment in the country.

Major investments in Sri Lanka are happening in the textile & garment sector. The apparel industry is a key sector that needs continuous upgrading and acquisition of new technology and equipment. There are

prospects to procure grey fabric, denim, polyester yarn, and specialized fabric used for lingerie and sportswear. Many Sri Lankan apparel companies manufacture for top U.S. apparel brands.

The '51th Dye+Chem Sri Lanka Int'l Expo 2026', timed at the right moment with Sri Lanka further increasing Dye Chemical Imports, further investing in setting up new Apparel factories and expanding their present capacities to match the fast-growing exports, will cater to the requirements of the highly important Dye Chemical Sector of Sri Lanka, which is closely linked to the ever-growing Apparel Sector of Sri Lanka. This Exhibition will Showcase All kinds of Dyestuff & Pigment, Adhesives / Catalysts/ Basic Chemical Bulk Drugs, Chemical Intermediates, Corrosion Inhibitors, Cosmetic Chemicals, Textile Industry Environmental Technology, Etc. **The '51th Dye+Chem Sri Lanka Int'l Expo 2026'** will be a marketplace for Dye Chemical business as well as presenting the latest Technology and Chemicals. Exhibitors from around the world will present their up-to-date products and offers. The exhibition will be fully equipped with all ranges of Dye Chemical products which will set a new definition of sourcing Dye Chemicals in order to satisfy the growing demand of the buyers.
