## EVENT PROFILE

'CEMS Global' successfully organized the '8th POULTRY & LIVESTOCK BANGLADESH INTERNATIONAL EXPO 2025' which was held from **9 – 11 May 2025**. The event served as a glittering showcase of the Poultry, Dairy, Livestock, and Aquaculture-based products and service industries.

Poultry remained one of the most vital sectors of agriculture in Bangladesh, playing a key role in meeting the country's demand for protein and nutrition.

The industry began its organized journey in 1995, and over just two decades, it experienced exponential growth. By 2025, there were over a hundred thousand poultry farms, both

small and large, across the country.

Alongside poultry, the fisheries and livestock sectors also stood as major pillars of Bangladesh's economy.

More than 10 million people were directly dependent on these sectors for their livelihoods. These industries continued to be crucial for food security, nutrition, income generation, and export earnings.

The **8th POULTRY & LIVESTOCK BANGLADESH INTERNATIONAL EXPO 2025** highlighted the rapid advancements in the sector and showcased the latest technological innovations to industry professionals and stakeholders across Bangladesh.

The CEMS Global USA has organised the three-day international event

The CEMS Global USA has organised a three-day international exhibition on medical, healthcare, food, and agriculture at the International Convention City Bashundhara, Dhaka.

There is no entrance fee for the expo that began today, according to a press release.

The organisers said the exhibitions serve as a one-stop platform for buyers and sellers in the relevant industries.

The exhibition is very important for Bangladesh and its healthcare industry, as it offers an industry-specific showcase of hospital, pharmaceutical and medical equipment, healthcare products, solutions, and services from leading companies across the globe, they added.

By facilitating the mutual exchange of knowledge and technology on a global scale, the event is expected to enhance Bangladesh's image in the international market while also contributing to the advancement of the country's healthcare, health tourism, food, and agriculture sectors, they added.

The exhibition will also feature six seminars focused on the respective industries.
