POST SHOW REPORT

6th Denim Bangladesh 2024

Venue : International Convention City Bashundhara, Dhaka, Bangladesh

CEMS-Global has achieved great success in the garments industry related expos such as Textech, DIFS & Dye Chem exhibitions for over 22 years. In 2017, CEMS-Global launched its own Denim related exhibition for the first time titled “Dhaka International Denim Show 2017”, the second time it was held with the title “2nd Dhaka International Denim Show 2018” and recently the “**6th Denim Bangladesh 2024**” was hosted in order to meet the needs of a demanding and versatile industry. We are always paying attention and gathering the expectations of brands and of consumers in the constant quest for what’s exclusive and inspiring.

The “6th Denim Bangladesh 2024” was a great avenue for drawing huge visitors from the ever-expanding Denim industry of Bangladesh. “6th Denim Bangladesh 2024” was also a marketplace for denim businesses that presented the latest fabrics and trends of this industry. Exhibitors from around the world presented their up-to-date denim products, which were ready-to-use for garment, accessories, industrial use and other various applications. The expo was fully equipped with all ranges of denim products enhanced with the latest technology and thus set a new definition of smart fabrics in order to satisfy the growing demand of the buyers.

Within three decades, RMG has transformed itself into the country's highest revenue generating sector, contributing 81.2 percent of Bangladesh's total exports, making Bangladesh the second largest garment exporter of the world. As textile & garment industry in Bangladesh continues expansion, the demand for advanced machinery and technology is on the rise. During the last decade Bangladesh has imported textile & garment making machineries worth of around 6.2 billion USD. Bangladesh's overall imports grew by 14.20 percent in the first four months of the current fiscal year. Such a big amount of investment has been done in terms of capital machinery that in turns shows Bangladesh's increasing capacity in producing textile & garments. Out of those textile garment, a significant portion is Denim products. Now in the new era Bangladesh is seeing a trend and rapid growth in Denim fashion among young buyers.
