Website	:	www.water-exhibition.com

7 Reasons to Participate

in the 6th Water Bangladesh Int'l Expo
2024

1. The 6th Water Bangladesh International Expo 2024 is a comprehensive international exhibition that showcases water treatment and wastewater technology solutions in Bangladesh
2. The Bangladesh water and wastewater treatment market is estimated to grow at a CAGR of around 7.8% during the forecast period 2020-2026
3. In 2022, the market size for gravity-based water purifiers in Bangladesh amounted to US\$ 76.7 Million. IMARC Group anticipates that between 2024 and 2028, the market will expand at a compound annual growth rate (CAGR) of 12.7%, reaching a total of US\$ 157.9 Million by 2028
4. The population of Bangladesh is expected to rise from 129 million in the year 2000 to 181 million by 2025 and further to 224 million by 2050. This population growth is likely to result in an increased need for water resources
5. The Water Bangladesh International Expo has established itself as the longest-standing and largest event of its kind in Bangladesh, catering to the water technology industry for several years. It has been steadily gaining recognition and popularity within the business realm
6. Water has consistently played a central role in Bangladesh's remarkable development journey. Now, with the introduction of the Bangladesh Delta Plan 2100 (BDP), the nation has embarked on an ambitious and comprehensive water management strategy
7. Participate in 6th Water Bangladesh International Expo 2024 and have the opportunity to meet and network with leading manufacturers in the water industry

EVENT PROFILE

'CEMS-Global' brings to you "6th Water Bangladesh International Expo 2024" scheduled to be held from 14 – 16 November, 2024 which will be a focused showcase for the water, wastewater technologies and solution-based products and service industry. It will reveal to the country, the rapid developments in the industry as well as new technology components. The neat layouts of the show provide numerous opportunities to the consumers of the industry to see the latest offerings in the market as well as to the business visitor to carry out networking in a highly enabled environment. The '6th Water Bangladesh International Expo 2024' will be a perfect platform for Manufacturers & Suppliers to showcase their Water Treatment products & services Sector and the Expo will assemble agents, distributors, importers, trading companies, wholesalers, retailers, business representatives, of course the consumers and other bulk purchasers from worldwide.

FACTS & FIGURE

The Bangladesh gravity-based water purifier market size reached US\$ 76.7 Million in 2022. Looking forward, IMARC Group expects the market to reach US\$ 157.9 Million by 2028, exhibiting a growth rate (CAGR) of 12.7% during 2024-2028. There is also a significant increase in investments in the water related sectors of Bangladesh. The Bangladesh Rural Water Supply and Sanitation Project, to which the World Bank has committed \$43 million aims to increase a safe water supply and hygienic sanitation in the rural areas of Bangladesh. World Bank and the government of Bangladesh signed a \$200 million financing agreement to help the community of millions by investing in water treatments and purifiers. The Dasherbandi Sewerage Treatment Plant (DSTP) Project is an important component of the China-proposed Belt and Road Initiative (BRI) and the largest single sewage treatment plant in South Asia thus far.

PROFILE OF EXHIBITS

Water Treatment | Desalination | Pipelines, Pipeline Coating Systems | Water Treatment Chemicals | Water Coolers & Water Heaters | Water Savers | Water Well Drilling Equipment & Accessories | Water SCADA Software | Warming Tapes | Pumps | Valves-Gate, Butterfly, Air, Pressure | Irrigation System | Sanitary Wares & Accessories | Agriculture & Horticulture Equipment | Chlorination System | Dewatering Equipment | Waterproofing Products | Tanks/Reservoir Lining Materials | Fiber Glass Products | Manhole Covers | Micro Tunneling Equipment | Sealants – Adhesives | Leak Detection Equipment | Water Transmission & Distribution | Related Products | Water Resource Management | Water Resource Management Technologies and Solutions | Waterway Restoration on & Maintenance | Water Harvesting | Water Storage and Treatment | Water Distribution | Sewage Collection and Treatment | Computer Software, Consultancy & Design | Pressure Software | Water Supply Conservation Technology Systems | Sustainable Production, Treatment and Supply of Water | Pressure Management Technology | Leak Repair Technology | Trenchless Technology | Pipe Repairs Technology | Data Recorders & IT Software Solutions | Domestic Sewage | Industrial Wastewater | Agricultural Wastewater | Construction Site Storm Water | Beautification | Cleaning Product | Erosion | River Basin Management | River Health Monitoring | River Catchment | River Protection | River Restoration and Rehabilitation | Sediment Management | Distribution and Drainage Network Systems | Drainage Products | Flood Control | Flood Plain Management | Flood Risk Management | Integrated Flood Management | Flood Protection Product | Flood Drainage System | Purifying Equipment | Effluent Treatment Plant
