

BANGLADESH'S PREMIER INTERNATIONAL EXHIBITION ON WATER & WASTEWATER TECHNOLOGIES & SOLUTIONS

SCHEDULE

Date	:	13 ~ 15 November, 2025
Venue	:	International Convention City, Bashundhara. Dhaka - Bangladesh
Opening Hours	:	10:30 AM to 8:00 PM
Frequency	:	Annual
Open to	:	Business / Trade Visitors
Website	:	www.water-exhibition.com

7 Reasons to Participate in the 7th Water Bangladesh Int'l Expo 2025

- 1. Fast-Growing Demand for Advanced Water & Wastewater Solutions:** Bangladesh is experiencing rapid urbanization, industrial expansion, and population growth, creating an urgent need for sustainable water management, purification, and wastewater treatment solutions. The market for innovative water technologies is expanding faster than ever, presenting huge opportunities for global suppliers.
- 2. Government Focus on Water Infrastructure & Sustainability:** With policies like the Bangladesh Delta Plan 2100 and ongoing initiatives for safe water access, industrial wastewater management, and flood control, the government is actively investing in modern water treatment and conservation projects. Exhibitors can connect with policymakers, government bodies, and key stakeholders driving these developments.
- 3. Growing Industrial & Municipal Demand for Water Solutions:** Textiles, pharmaceuticals, food processing, and manufacturing industries require high-efficiency water recycling, desalination, and wastewater treatment to meet regulatory and environmental standards. Exhibitors can tap into this industrial demand and provide cutting-edge technologies for efficient water usage and wastewater management.
- 4. Bangladesh's Rising Investments in Smart Water Technologies:** The country is increasingly adopting AI-driven water management, IoT-enabled monitoring systems, and smart metering solutions to enhance efficiency and reduce water waste. This presents a lucrative market for tech-driven water innovations, making the expo an ideal platform to showcase next-gen water technologies.
- 5. Massive Market for Water Filtration & Purification Solutions:** With increasing concerns over water contamination and public health, Bangladesh is seeing a surge in demand for household, commercial, and industrial water purification systems. This opens up significant business

opportunities for manufacturers and solution providers of RO systems, UV filtration, and advanced water purification technologies.

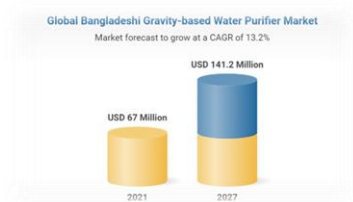

6. **Strategic Gateway to South Asian Water Markets:** Bangladesh serves as a regional hub for water and wastewater technology providers, offering exhibitors access to South Asian and neighboring markets, including India, Nepal, Sri Lanka, and Myanmar. Participating in the expo enables global companies to expand their footprint and forge strong regional partnerships.
7. **Meet Decision-Makers & Secure High-Value Business Deals:** The 7th Water Bangladesh Int'l Expo 2025 is the largest B2B platform in the country for water and wastewater technologies, bringing together government agencies, industrial buyers, municipal water authorities, developers, and technology innovators. Exhibitors gain direct access to key decision-makers, making this an unmissable event for business expansion.

EVENT PROFILE

'CEMS-Global' brings to you "7th Water Bangladesh International Expo 2025" scheduled to be held from 13 – 15 November, 2025 which will be a focused showcase for the water, wastewater technologies and solution-based products and service industry. It will reveal to the country, the rapid developments in the industry as well as new technology components. The neat layouts of the show provide numerous opportunities to the consumers of the industry to see the latest offerings in the market as well as to the business visitor to carry out networking in a highly enabled environment. The '7th Water Bangladesh International Expo 2025' will be a perfect platform for Manufacturers & Suppliers to showcase their Water Treatment products & services Sector and the Expo will assemble agents, distributors, importers, trading companies, wholesalers, retailers, business representatives, of course the consumers and other bulk purchasers from worldwide.

FACTS & FIGURE

The Bangladesh gravity-based water purifier market size reached US\$ 86.5 Million in 2024. Looking forward, IMARC Group expects the market to reach US\$ 157.9 Million by 2028, exhibiting a growth rate (CAGR) of 12.7% during 2024-2028. There is also a significant increase in investments in the water related sectors of Bangladesh. The Bangladesh Rural Water Supply and Sanitation Project, to which the World Bank has committed \$43 million aims to increase a safe water supply and hygienic sanitation in the rural areas of Bangladesh. World Bank and the government of Bangladesh signed a \$200 million financing agreement to help the community of millions by investing in water treatments and purifiers. The Dasherbandi Sewerage Treatment Plant (DSTP) Project is an important component of the China-proposed Belt and Road Initiative (BRI) and the largest single sewage treatment plant in South Asia thus far.

PROFILE OF EXHIBITS

Water Treatment | Desalination | Pipelines, Pipeline Coating Systems | Water Treatment Chemicals | Water Coolers & Water Heaters | Water Savers | Water Well Drilling Equipment & Accessories | Water SCADA Software | Warming Tapes | Pumps | Valves-Gate, Butterfly, Air, Pressure | Irrigation System | Sanitary Wares & Accessories | Agriculture & Horticulture Equipment | Chlorination System | Dewatering Equipment | Waterproofing Products | Tanks/Reservoir Lining Materials | Fiber Glass Products | Manhole Covers | Micro Tunneling Equipment | Sealants – Adhesives | Leak Detection Equipment | Water Transmission & Distribution | Related Products | Water Resource Management | Water Resource Management Technologies and Solutions | Waterway Restoration on & Maintenance | Water Harvesting | Water Storage

and Treatment | Water Distribution | Sewage Collection and Treatment | Computer Software, Consultancy & Design | Pressure Software | Water Supply Conservation Technology Systems | Sustainable Production, Treatment and Supply of Water | Pressure Management Technology | Leak Repair Technology | Trenchless Technology | Pipe Repairs Technology | Data Recorders & IT Software Solutions | Domestic Sewage | Industrial Wastewater | Agricultural Wastewater | Construction Site Storm Water | Beautification | Cleaning Product | Erosion | River Basin Management | River Health Monitoring | River Catchment | River Protection | River Restoration and Rehabilitation | Sediment Management | Distribution and Drainage Network Systems | Drainage Products | Flood Control | Flood Plain Management | Flood Risk Management | Integrated Flood Management | Flood Protection Product | Flood Drainage System | Purifying Equipment | Effluent Treatment Plant.

PROFILE OF VISITORS

The “7th WATER BANGLADESH INTERNATIONAL EXPO 2025” will assemble qualified and senior visitors having the authority to purchase or influence purchase of products and services from the entire Industry of Bangladesh and will focus on Target visitors consisting of Government Agencies | Power Companies | Oil and Gas Companies | Construction and Development Companies | Large Industrial Companies | Power Production Companies | Service and Maintenance Providers | Distributors and Retailers | NGOs and Municipalities | Water Authorities and Regulators | Industrial Water Users | City Planners and Architects | International Organizations and NGOs | Development Agencies | Plant Operators | Engineering Companies | Technology Providers | Contractors | Consultants | Researchers and Scientists | Academics | Media

ABOUT CEMS-GLOBAL (ORGANIZER)

CEMS-Global USA is committed to organizing Professional B2B Trade Shows for important Business sectors of the trade and economy. CEMS-Global also assists Trade Associations, Governments, and businesses as an International Trade & Export Development Agency in international markets, including market research, export strategy development, partner identification, and trade promotion.

CEMS-Global has over three decades of experience in producing trade shows and conferences across multiple industries. Based in the United States, CEMS-Global operates worldwide, with a strong presence in North America, Asia, Africa, and Latin America. CEMS-Global also provides Strategic Consultancy that specializes in Business & Export expansion, Branding, Fostering industry collaboration, and creating opportunities to reach and expand business or exports in both established and emerging markets. With a reputation for professionalism and Global reach, CEMS-Global delivers high-quality, impactful events and Consultancy results that drive business growth and industry innovation.

Through its B2B exhibitions, CEMS Global creates opportunities for businesses to explore new markets, forge partnerships, and stay updated on industry trends and innovations. With its extensive experience and network, CEMS Global plays a vital role in driving economic growth and development in the regions where it operates.

In this span of over 3 decades, CEMS-Global has partnered with several Business Associations, Chamber of Commerce, Export Promotion Councils, International Trade Promotion organizations, and Governments. Our successful 40 Trade shows per annum in highly potential and developing countries of the world across four continents have benefited hundreds of thousands of Manufacturers, several Industry sectors and boosted International Trade & Development in many countries.
